BRITAIN IS DIVIDED

Public Sentiment Against
Way Near East Affair
Has Been Handled.

(By the Associated Press)
CONSTANTINOPLE, Sept. 30.—British officials admit that the Chanak situation is growing more critical and that the hopes for an amicable settlement are waning.
The Turkish troops continue in close contact with the British. They have formed a screen around the British forces which they are making concentrations.
The British have established war time censorship. Hereafter the mention of names of regiments, their strength and destination is prohibited.

LONDON, Sept. 30.—The grave, despondent view held in official quarters here regarding the prospect of avoiding war with the Turks is shared in allied military circles in Constantinople, according to a dispatch from the eastern capital to the Associated Press.

Mustapha Kemal's requirement that the British withdraw their troops from Asia-Minor as a condition precedent to a limited retreat of the Ottoman forces from the neutral zone of the straits is looked upon by local military opinion as closing the door to peaceful settlement of the present dispute.

If war breaks—and at the moment it appears that almost a miracle will be needed to avoid it—Great Britain will enter it under discouraging auspices for the greater part of the opinion of the nation is not behind the government.

It is impossible, of course, to say that the nation will not rally to the government's support if fighting begins, but at present the voice of the people, as represented by the press, is raised in condemnation of the manner in which the whole near eastern situation has been managed.

Prime Minister Lloyd George who but yesterday was a national hero, now is the butt of violent criticisms, accused of having meddled with the international politics which he does not understand and of having brought the country face to face with another war. Some of the comments are quite vicious in tone.

General Papoulas.

General Papoulas, former commander on the Smyrna front, has accepted the post of governor of Thrace on the condition that he be allowed a free hand in both military and civil administrations. MAN IS MISSING; POLICE PUZZLED

Houston and St. Louis Are
Stumped to Know How
Mills Disappeared.

(By the Associated Press)
HOUSTON, Tex., Sept. 30.—Police of both Houston and St. Louis Friday night admitted themselves puzzled over the strange case of Joshua Mills, 81 year old Houston man, reported to have disappeared while en route to a St. Louis bank with a large sum of money, said to have been obtained through settlement of an estate.
Mrs. Mills reported the disappearance to Houston police Thursday. An unfinished letter from her husband across the face of the envelope of which was written in bold letters "your husband has been beaten and robbed" was turned over to the police authorities here by Mrs. Mills.

Mrs. Mills received a letter from her cousin, who apparently has shared in his strange disappearance. It said briefly that he and Mills were soon to receive the proceeds from the sale of an estate which in itself is somewhat of a mystery even to Mrs. Mills. Mills' share of this was \$16,000 the letter said.

Bugle Call is Heard Over Telephone From Cuba Over to Frisco

(By the Associated Press)
CLEVELAND, Sept. 30.—With twenty cities listening in after answering a transcontinental roll call, conversation was carried on over a circuit which extended from Havana, Cuba, to San Francisco last night at the convention of the telephone pioneers of America. A violin solo in San Francisco and a record played on a phonograph in Havana, followed the demonstration concluding with the sounding of taps by the same bugler who sounded taps when the unknown soldier was buried at Arlington Cemetery.

7 LOSE LIVES AS HUGE APARTMENT HOUSE IS RAZED

Five Story Building Goes
Up in Costly Fire at
New York Today.

3 FIREMEN INJURED

Baby Killed When Mother
Throws it From Room
High Over Street.

(By the Associated Press)
NEW YORK, Sept. 30.—Seven persons lost their lives in a fire which early today swept through a five story apartment house. Nearly a score more were injured, several seriously, and dozens of others were saved by firemen and volunteers who plunged through windows into the flames which had shut off escape for the 24 families inside.

One of the dead was a baby four years old, thrown from the burning building by a frantic mother. Another, a boy 16 years old, was killed when he jumped from a window.

Three firemen were injured and half a dozen others were overcome by heat and smoke. The fire was brought under control after three hours of fighting during part of which the firemen were handicapped by the darkness of the street. Taxicabs and automobiles were parked nearby and their search lights thrown on all sides of the building. Escape is blocked.

Starting in the main hall on the ground floor, the fire quickly spread up the stairway, shutting off all escape, except through the fire escapes and windows.

Police are investigating a story told by a tenant in the building next door to the burned structure. Hearing a noise in the hall of his house just before retiring, he said he opened his door to discover a blazing baby carriage. He and his daughters extinguished the blaze with buckets of water and were ready to re-enter his apartment, when a man came up from the basement and looked around the hall. The tenant asked him what he wanted and the man said he smelled smoke and had entered to "look around." The stranger turned and left then, the tenant told police. A few moments later fire broke out in the apartment next door.

FATAL BLAST IN LAKE CREEK MINE WILL BE PROBED

JOHNSON CITY, Ill., Sept. 30.—Investigation of the explosion in Lake Creek mine of the Consolidated Coal Company of St. Louis, near here, which caused the death of five men yesterday afternoon was planned today in connection with the coroner's inquest.

Officials of the mine expressed the belief that the explosion was caused when three surveyors with oil lamps attached to their caps entered an unworked room in which gas had accumulated. The three surveyors and two miners working near the unused entrance were killed.

More than 50 men were working in the pit when the explosion occurred, but all but the five either escaped or were rescued. Three miners were overcome slightly by gas.

NEW BEAUTY PARLOR TO OPEN IN COON'S STORE

With the reopening of Coon's jewelry store, in its new location on East Main street, Ada will have a new and modern beauty shop, to be known as the Oriental Beauty Parlor, according to an announcement Saturday.
Misses Elizabeth Howell and Mary Jane Mercer are proprietors. Both are expert operators and marcellé graduates. Facials, marcellé treatments, shampoos, and manicuring will be specialties. Equipment will be first class and all conveniences of a city shop will be offered.

PAUL WANER NOT TO BE ON LOCAL TEAM NEXT YEAR

Paul Waner, star pitching ace of the Ada Independents, will not be with the home team next year. He will play with the San Francisco club of the Pacific Coast League, only one step below the majors.
Waner played his best baseball during the season just closed. He participated in 84 games this year, winning 41 out of 46 games and batting over .300. His fielding for the three years has averaged more than .950.

For the locals he has pounded out five homers, five triples, nine doubles and batted .405, getting 43 hits out of 106 trips to the plate. He fanned 6 times, stole six bases and fielded over .950. This record is for the 28 games he played with Ada. He also established a new strike-out record, getting 19 in his game with Okemah.

Okemah High School Stages Draw Battle With Wilston Team

(By the Associated Press)
OKEMAH, Sept. 30.—(Special)—Opening football game of the season was played here Friday afternoon between Okemah and Wilston, final score being 12 to 12. Coach Vernon's men had the edge of the battle during the entire game, working better on both offensive and defensive.
His husky players raced for two touchdowns on aerial work and line bucks up to fourth quarter. At the end of the third period the score was 12 to 6 for the homelings. A Wilston back intercepted a forward pass in the last quarter and crossed the line to tie the score. McMahon, center; Garrison, right half, and J. Johnson, end, were easily the stars for Okemah.

WORK COMBINATION

Looters Use a Duplicate
Key to Get Inside;
Lock is Solved.

(By the Associated Press)
JAY, Okla., Sept. 30.—Improvement bonds valued at \$25,000 and negotiable and pending the installation of a new ministry the country is being governed by twelve officers representing the army and navy. Prince George went upon the throne Friday following his father's abdication.

The robbery was discovered this morning when the county treasurer opened his office for business. He found the combination of the safe had been worked. An inner door leading to the vault was pried open. The contents of the vault had been scattered about in confusion.

Entrance into the office is believed to have been made with a duplicate key. The bonds had been purchased by a former treasurer, out of the county's sinking fund as an investment. Twenty thousand dollars worth of the securities were issued by the city of Wilton and \$15,000 by the city of Okton. They are made payable to bearer.

CONFEDERATE VETERANS WILL MEET TOMORROW

William Byrd camp of the United Confederate Veterans will meet Sunday afternoon at 2 o'clock at the City Hall, according to announcements today. The veterans returned yesterday from Shawnee where they attended the state Confederate convention.

HARRY POULIN IS FOUND INNOCENT

Haberdasher is Released
on Charge of Being
Father of Babe.

(By the Associated Press)
SOUTH BEND, Sept. 30.—Harry Poulin, local haberdasher, charged by Mrs. Tiernan with being the father of her third child, was found not guilty in city court here today.

Judge Ducomb made it plain in his comment that he found the defendant "not guilty" in the strict sense of the word. He said that he believed there had been intimate relations between Mrs. Tiernan and Poulin. The fact, however, that Prof. Tiernan had lived with his wife throughout the entire affair created the reasonable doubt that made it legally compulsory to find for the defendant.

The prosecutor and Prof. Tiernan announced after Judge Ducomb had rendered his opinion that the case would be appealed and carried to the supreme court of the United States if necessary.

"The decision was a great surprise to me," declared Prof. Tiernan. "It swept me off my feet."

Mrs. Tiernan fainted as she was leaving the court room and was taken to her home in a taxicab.

SOONERS HAVE 5 HOME GAMES FOR FALL SCHEDULE

(By the Associated Press)
NORMAN, Sept. 30.—Five of eight games scheduled for the Oklahoma university football team this fall are with members of the Missouri Valley conference. Five of the games are to be played here.

The Sooners will meet the Kansas Aggies, Nebraska, Kansas, Missouri and Washington universities, in the order named. The Kansas Aggie, Nebraska and Missouri games will be here while Kansas and Washington contests will be at Lawrence and St. Louis, respectively.

Three games with teams not in the conference will be played with Oklahoma Central State Normal school, the University of Texas and Oklahoma Agricultural and Mechanical college.

Eight football letter men have returned to school this fall, two of whom have had more than one year of varsity experience. These are Captain Gus Van Sdmondson, tackle and Clarence Morrison, full back.

The first call brought forty-six eligible players to Boyd field, and this number has been steadily increasing with each practice. Ben C. Owen, head coach, said prospects had been brightened by the appearance of several men who, although they have had football experience, have not been eligible for the "varsity" before. James E. Tolbert, former Harvard university star and All-American guard in 1920, is in charge of coaching line men, with four squads at work.

GARRISON IN REVOLT

Mexican Soldiers Throw
Open Jail and Turn
Murderers Out.

(By the Associated Press)
EL PASO, Sept. 30.—Juarez is today again controlled by men in sympathy with the administration at Mexico City rather than in possession of rebel forces for four hours. In this brief period fighting resulted in the killing of ten men and the wounding of twice this number.

At 8:20 a. m., today persons having business interests were permitted to enter Juarez.

American soldiers were stationed at the international bridge to protect hundreds of Juarez citizens crossing to El Paso for safety. Some of the shots from the early morning battle hit the United States Public Health Service building.

Three private soldiers who revolted from the garrison were put against an adobe wall at 9:45 a. m. and shot to death, according to an announcement made at the headquarters. A corporal captured the three men.

"Say, what shall I do with these men?" asked the subordinate officer. "Shoot them," were the commander's only words. A squad fired three volleys.

(By the Associated Press)
EL PASO, Sept. 30.—Immediately after United States Army officers were notified early today that the Mexican garrison in Juarez, across the Rio Grande from here, had revolted, preparations were taken to send reinforcements to the American side of the international bridge.

River guards and police at 7:30 o'clock this morning gave battle to rebel soldiers. The clash was in the main streets of Juarez. Both the loyal forces and rebels lacked leadership. A dozen were killed or wounded.

The Juarez garrison revolted at 2 o'clock this morning. Led by a captain the 150 soldiers stationed in the Mexican city released all prisoners from the city jail, imprisoned their officers, and took possession of the town. At 3 o'clock this morning looting had begun among the main streets.

The prisoners, among whom were a dozen men held for murder, had obtained rifles and ammunition. Their first act was to break into a saloon and seize quantities of liquor.

Officers Are Captives.
The commanding officer of the battalion which revolted was a prisoner of the rebels in his own quarters. All other officers of the organization were held by the revolutionists under heavy guard.

Several persons had been wounded in the scattered firing by the insurrectionists, it was reported. Police and customs guards of Juarez, stunned by the sudden rebellion, offered no resistance to the soldiers and it was reported that the police were being disarmed by the rebels.

The commander of the garrison was cut off from the telegraph office in Juarez. He came to the American side of the river in an attempt to get in immediate telegraphic communication with Mexico City and Chihuahua city authorities.

Americans Released.
Among the prisoners released were three men who were under life sentences on charges of murder. A dozen American men and women were also set free.

The revolt came with a suddenness that dazed Juarez residents, accustomed as they are to revolts in their city. Until after midnight last night the city was thronged with American tourists and pleasure seekers. There was no surface hint of impending trouble.

PUTTING IT OVER THE INSURANCE COMPANIES

Officers in Missouri are looking into a case which on the face of it looks like some one tried to put one over the life insurance companies. A garage was burned and a body found in the ruins that was at first supposed to be that of the owner, who had disappeared. Just at that time it was found that the grave of a young woman had been robbed of its body and investigation proved that the body found in the ruins of the garage was that of a woman. It then developed that the man supposed to have been burned to death carried heavy insurance on his life. Whether a fraud has been attempted or not it calls to mind many instances in which people have attempted to defraud the insurance companies.

About 25 years ago a doctor who lived in Missouri fell into a river one night and was supposed to have been drowned. It developed that although a man of only moderate means he carried \$55,000 of life insurance. The companies made a diligent search for his body but it could not be found. The money was finally paid over and then the "dead" man was located in the woods of Michigan.

A man in western Texas started across the country with two companions. The first night out he was taken ill and his accomplice pronounced it small pox and warned the other man, who was not in the plot, to keep his distance. Towards morning the groans of the sick man ceased and the "doctor" said he was dead. He prepared the "body" for burial and next morning he and the other man dumped it into a hastily dug grave. The other man was sent back home while the accomplice drove on down the road and picked up the "corpse," who was waiting for him. When suspicion was aroused the grave was found to contain only a bundle of old quilts. The "dead" man was arrested and jailed, but as no money had been paid over he was finally allowed to go, the companies not taking the trouble to push the case. He then filed a suit for damages alleging false imprisonment. At all events his nerve had not been impaired.

Tricks of all sorts are resorted to by unscrupulous persons to defraud insurance companies but it is hard to get away with them. Like other forms of crookedness it is next to impossible to cover every part of the trail.

If the city firemen do as good a job in keeping up the city park next year as they have in looking after the little park on East Twelfth it will be a real beauty spot. The spot on East Twelfth was the favorite bone yard for the stray dogs of the town until the firemen took it over. The city park has looked very nice this year, but there is always room for further improvement in anything of that nature. Ada has only one park and it should always be kept so attractive that it will be a favorite recreation spot for all classes, especially those who cannot afford autos in which to take their outings.

Under the Underwood tariff the duty on aluminum ware was 20 percent. Under the new law just signed by the president it is 71 percent. Secretary Mellon of the treasury in private life controls most of the aluminum manufacturing plants of the country. The public would like to know what influences were brought to bear to secure this bonus for the secretary, for bonus, pure and simple, is what a duty to shut out foreign competition amounts to.

An exchange remarks that many towns never amount to anything because the dreams of the citizens are only pipe dreams, hence never get beyond the dream stage. Ada is an example of the other sort of town. The citizens of this place have dreamed of things within reach and have made most of their dreams come true as is witnessed by the various thriving industries located here.

When prohibition went into effect there were 142 booze cure sanitariums in the United States. Patronage has fallen off to an extent that only 16 are now operating. Probably after a few drinks of the present day moonshiner's make a lot of fellows are past the need of a sanitarium and some of the others are afraid to go very strong on it.

Before being taken in by the propaganda of the anti-Walton Democratic Club of Oklahoma City, voters would do well to examine the list of leaders and see how many have ever been recognized as dyed-in-the-wool Democrats. Some of their records along other lines might be inquired into with profit to the investigators.

The memoirs of the former kaiser now running serially in a number of city papers remind one of the proud observation of the raw army recruit that every body was out of step but himself.

The Stillman case is apparently over for the present. Now the public can remove the clothespins from its nose.

Time to Halt Immigration

(Ft. Worth Record)

America is a pretty good place in which to live and the people of the United States, for the most part, are cultured, law-abiding and progressive. Even though large numbers of them are the children of immigrants within the last forty or fifty years, and very many of them were born in foreign countries, there is no need as yet to fear "menace of alien population."

But the alien population is quite large enough and it is about time to call a halt, else a real menace may appear. Within the last few years many false doctrines have gained wide circulation among the class in Europe most given to emigrating and they are not needed and not wanted in this country.

The alien population is given to herding in the cities. New York counts three-fourths of her people foreign born, and Chicago nearly that number. Rhode Island has the largest census stock, the census report placing it at 60 per cent, and Massachusetts comes second with 66 per cent. Others following close are: North Dakota and Connecticut, each 65 per cent; Minnesota, 64 per cent; New York, 62 per cent; Wisconsin, 59 per cent, and New Jersey, 58 per cent.

As compared with other parts of the country, the South has very small foreign population. The Manufacturers' Record notes that the total for the south, including Missouri, Oklahoma and Texas, is only about 8 per cent against 48.2 per cent in the rest of the country. North Carolina, which has one-seventh of one percent of foreign stock, is one of the most prosperous states of the Union, developing industrially, commercially and ably one of the most law abiding states and has a splendid educational system.

The menace of foreign population is not in the present, but in the future if immigration be not stopped, or at least rigidly restricted.

The Blue and the Olive Drab

(Kansas City Journal)

Side by side, in the G. A. R. parade in Des Moines yesterday, rode Gen. Lewis S. Pilcher, commander in chief of the Grand Army of the Republic, and Hanford Mac Nider, commander of the American Legion. The "thin blue line" of 1861 is drawn out to a fading aureole that is all but obliterated against the background of the years. The olive drab line will be "thin" when sufficient years have passed to change the stalwart "buddies" of today into the comrades of sixty years hence.

Long before that time the last man who wore the blue of 1861 will have heard the last reveille and will have taken his place in the eternal bivouac.

But today survivors of the Grand Army of the Republic still answer "Present" to the roll call of the annual campfire, whether in person or in spirit in the far flung places where they are scattered. Time has healed the scars of sixty years, only an occasional angry red showing where an unhealed wound stays inflamed. But for the most part the men who wore the gray fraternize in the spirit which makes the olive drab the uniform of a united nation.

The time has passed when it was either expedient or just to "wave the bloody shirt." But the time can never arrive when it will be either expedient or just to make any apologies for the heroism of the men who sprang to the defense of

the nation. It will never be expedient or just to deprecate or minimize their valor or their patriotism, no matter how unreservedly the bravery of the men who wore the gray may be extolled.

The softening years cannot drown the roar of every gun. They cannot blunt the point of every bayonet. They cannot level into oblivion every little green tent that shelters the mortal remains of a man who died that the Union might live, or who "wrapped the drapery of his coat about him and lay down to pleasant dreams" long after the conflict ended.

The men of the South do not want apologies or depreciation. Both the blue and the gray fought for what they believed to be the right. Not only the arbitrament of war, but the triumph of the eternal verities on which the nation was built proved that the wearers of the blue fought the righteous cause. They would be the last to hold back the hand of comradeship to a wearer of the gray, the last brand of men against whom they fought—and the last to apologize for fighting.

Yesterday was the day of the Grand Army and the heart of the nation will always thrill as the thin blue line passes by—all but swallowed up in the hosts that wear the olive drab of 1898 and 1917-18.

Opening of Herring in Coal Mine Cases May be in November

(By the Associated Press)

MARION, Sept. 29.—The opening date of the trials of the men indicted in connection with the killings in the Lester coal mine near here last June, was scheduled to be set today by Judge Hartwell of the county circuit court.

Decision to start the first trial about the middle of November was reached at a conference of Judge Hartwell and attorneys for the state and defense, at which Judge Hartwell announced he would draw up the docket today.

There are 32 declarations of war by the nations on both sides during the world war.

15 BASKETBALL GAMES SECURED FOR IOWA TEAM

(By the Associated Press)

IOWA CITY, Iowa, Sept. 30.—Fifteen basketball games will be played by the University of Iowa cagers next winter, twelve of them with western conference teams and three with non-conference teams. This limit was decided upon by the coaches of the western conference basketball teams.

Iowa's first conference game for the 1922-23 season will be Jan. 6 at Chicago. The last title will be between the Iowa and Indiana fives at Bloomington, Indiana, March 5. A home and home arrangement has been made whereby return games will be played with all the "Big Ten" opponents, making six conference games on the Iowa floor.

In order to house the crowds of spectators at the games Iowa will use its huge armory, one of the most commodious basketball courts in the west. Five thousand spectators were able to witness games there last winter.

Iowa's six conference opponents for the 1922-23 season will be Chicago, Michigan, Ohio State, Northwestern, Minnesota and Indiana. A visiting and a home game will be played with each team.

The schedule follows:
Jan. 6.—Iowa at Chicago.
Jan. 15.—Michigan at Iowa.
Jan. 20.—Ohio State Iowa.

HURT ALL OVER

Texas Lady Couldn't Sit, Stand or Lie With Any Comfort. Says "Cardui Did World of Good."

Bartlett, Texas.—Mrs. Nannie Messer, of Route 3, this place, states: "About three years ago I was in a very critical condition. I had been suffering for some time. To tell how I hurt would be impossible."

"I just hurt all over. I couldn't sit, stand or lay with any comfort, my back, sides and head all gave me a great deal of trouble."

"I was especially bothered with a light swimming in my head. My people were very uneasy about me and sent me to my relatives to see if a change would do me any good."

"I stopped at a sister-in-law's and she being a great believer in Cardui, asked me why I didn't use it. I decided to try it."

"I had only taken a few doses when I felt it would do me good. This gave hopes and I used it right along and it did me just a world of good, since which time I have never ceased to praise Cardui."

Cardui is for simple female complaints and womanly pains and has been found to benefit in thousands of such cases when not due to malformation or that do not require surgical treatment. Try it. NC-135a

Fine Supporting Cast

Mr. Meighan has as his leading woman in "The Bachelor Daddy," Leatrice Joy. She played in "Ladies Must Live," and had one of the four leading roles in Cecil B. De Mille's "Saturday Night." She is an ideal choice for the role of Sally Lockwood in this new picture.

Maudie Wayne, the feminine heavy in the cast, is well known for her many big screen roles. Several years ago she was a Mack Sennett comedienne and then turned to dramatic work. She has appeared in splendid parts in several Paramount pictures, including "Behold My Lady Letty" and "Moran of the Lady Letty."

Adele Farrington, Laurence Wheat of stage fame, and J. F. McDonald handle the principal character roles. The five kiddies represent a most distinguished group of juvenile screen talent. Charlotte, Jackson, who supported Mr. Meighan in "The Prince Chap," is principal youngster. Others are Barbara Maier, Bruce Guerin and the DeBriac twins. At the McSwain Monday.

AMERICAN LEAGUE RACE IS YET IN UNCERTAINTY

CHICAGO, Sept. 30.—A mathematical uncertainty in the American League pennant race exists today with but two games left on the schedules of each of the contenders, New York and St. Louis.

THE LINE OF A WOMAN'S BACK IS ONE OF THE LOVELIEST OF HER FIGURE—IF HER CORSET IS DEPENDABLE

So often that beautiful line is marred by wearing the wrong corset. The Modart has two features particularly in its favor in this respect.

There are no lacings in the back to vary the smoothness and because of the resilience of the stays the natural beauty of the line is retained.

And a Woman Loves to Wear Garments That Are Beautiful. That Is Another Truly Feminine Reason Why She Chooses a Modart!

Farmers' Column

By Byron Norrell

In Texas a movement is under way for everybody to cut their cotton stalks at one time as soon as the picking season is over so that there will be nothing for the boll weevil to eat. This will either starve them to death or force them into hibernation before the regular time. The long period they will then be in winter quarters will cause the death of many more so that there will not be many to come out in the spring. Right here is an idea that Oklahoma farmers could follow to advantage, only the stalks should be turned under as soon as possible the weevils along with it.

W. F. Gordon, who lives northwest of Ada, states that his cotton is making from 500 to 700 pounds to the acre. This is quite a bit above the average for this year.

The peanut season opened Friday by the sale of about 100 bushels to Zorn & Abney. The nuts were raised by T. T. Strong, northwest of Ada. The News was informed that he made 16 bushels and 20 bales of hay to the acre. The nuts brought 80 cents per bushel and the hay is worth not less than 40. The crop was cut down by the dry weather. Ordinarily a Pontotoc county field will beat that considerably.

Green Tomato and Raisin Sweet Pickle.

Slice as many tomatoes as you want and soak them in strong brine three days and nights. Then soak in fresh water, changing the water twice daily until it no longer tastes salty. Simmer in alum water—one tablespoon of alum to two quarts of water—and then in fresh water until it just comes to a boil. To every three pounds of tomatoes add one and a half pounds sugar, one pint vinegar and the following spices tied in a cheese cloth or muslin bag: 1 teaspoon mace, 1 teaspoon cloves, 1 teaspoon allspice, 1 teaspoon cinnamon. Cook until tender, about 1-2 or 3-4 of hour. Ten minutes before removing from the fire add 1 pound of seeded raisins for each gallon of tomatoes.

Green Tomato Pickle.

One-half peck green tomatoes (unpeeled), 1 pint sugar, 1-2 pints vinegar, 1 tablespoon cinnamon, 1 tablespoon whole allspice, handful whole cloves, a little nutmeg and dry mustard, 2 or 3 small green peppers, 3 large onions. Boil one-half hour, or until tender.

MCGRAW GREATEST KING OF DIAMOND

"Napoleon of Baseball" is Now Well Entrenched in Superiority.

(By the Associated Press)

NEW YORK, Sept. 29.—By adding another pennant to the string that has fluttered from the flag pole at the Polo Grounds, John Joseph McGraw becomes more securely enshrined in his title of "Napoleon of Baseball."

Short, stocky, dapper, ruddy faced and gray headed, McGraw looks more like a successful broker than a professional athlete. He appears as what the clothing adds classifies as "smart," and it ever some twist shears him of success and reason he can get a job posing for an oil painting of a cigarette smoker or the latest in collars.

His career is remarkable but not surprising. It was a sane, steady march to the heights of his profession, intercepted now and then by some flight of temperament or of temper, but it has all been in one direction. He is in the logical place for such a logical man to occupy.

McGraw was born in 1875 and so is just about turning the 50 mark. He began playing baseball as most American boys do as soon as he could toddle after one. His professional debut was made when he discarded short trousers, but whether he did one of those two things to effect the other is a question which his biographers must debate.

In Game 32 Years.

The present manager of the Cham-

plion Giants has been in the game professionally for 32 years, starting with the Oleon team of the New York State league in 1890 when his reputation as a consistent hitter and reliable fielder spread from his native heath of Truxton, N. Y.

Throughout his playing days he was one of the marvels of the diamond but his gray matter has made him a fixture.

Only one year did McGraw remain in Oleon signing a sheet for \$60 a month. Next he went to Cedar Rapids where his stipend was more remunerative and his work more brilliant. His shortstopping was so remarkable that a big league scout came to look him over, saw him and was captivated.

The youthful "Mugsy" went to Baltimore, then the tail-end in a 12-club circuit. It was in August, 1891, that McGraw broke into fast company, little more than a year after his entry in the professional ranks. His first season he warmed the bench, but in 1892 Ned Hanlon, the Orioles' new manager, tried out John Joseph at second base and then shifted him to third where he gained a reputation. Third base was his position.

Recognized as Peer.

McGraw has always been recognized as the peer of any who preceded or followed him at the "hot corner," his particular forte being the fielding of bunts. He was a year in and year out .350 hitter and fast on the paths. His individual playing was one of the factors in the success of the old Orioles.

With Wilbert Robinson, formerly of the Giants and now manager of the Brooklyn team, McGraw was sold to the St. Louis Club in 1900 for \$18,000. Both players were pleased and when the American League reared its head in 1900 the Giants' present mentor aligned himself with Ban B. Johnson.

He went back to Baltimore and organized a team that was one of the most popular in the history of the game. But in 1902 McGraw and Johnson came to the parting of the ways and in mid-season the Baltimore team was so disorganized that "Mugsy" took off his spiked shoes and announced that they were on the shelf for ever.

At that time the late Andrew Freedman was sorrowed by the spectacle of the slow-going Giants, the team he owned. McGraw was recommended to him and was hired, taking the helm in July and remaining in charge since.

The game has grown big—has had virtually all of its growth and growing pains—in McGraw's professional time. When he came to New York the old Polo Grounds seated 12,000, now it is 38,000 and a third tier to the grandstand is to be added next year. McGraw's life is insured by the club for \$100,000 and he owns a fair share of operating company's stock.

The standing of his club under

his managership is shown by this table:

Year	Position	Year	Position

Okmulgee Falls Before Ada High As Grid Season Opens

JINX OF MANY YEARS SMASHED BY LOCAL MEN IN STELLAR FORWARD PASSING AND BATTERING OF LINE

Opening Game Brings Out Throng of Rooters to Urge Team on.

Battling furiously for three-quarters, the well seasoned men of Coach Cox's high school football team triumphed by sheer strength over their opponents from Okmulgee Friday and won the opening football game of the season 14 to 0 by putting the ball across the line twice in the last ten minutes of play. Incidentally this was the sweetest revenge a high school team ever got for Ada—Okmulgee having defeated Ada for the past five years.

It was an aerial battle from the start, both teams depending almost entirely on the forward pass to make gains. Okmulgee had the most consistent line and made some gains on regular formation plays. Cox's lads had passing well in hand, however, and completed passes for advances ranging from 3 to 45 yards. Ada tried a total of 44 forward passes, completed 18 for a total gain of 189 yards, and had 26 not completed. Okmulgee tried 19 forward passes, completed 9 for a total gain of 79 yards and had four intercepted. Ada's best passing was by Carr to Potts. Baker also gathered in several good passes for substantial gains.

Ada Open Battering.
In the first quarter Ada received the ball and began a line smashing attack which was only fairly successful. Smith, playing his first game as quarterback, soon opened his aerial battle and Ada advanced into enemy territory. A punt put them nearer the goal and Okmulgee was held for downs. The remainder of the quarter was a series of line bucks, frecks and passing. Once Ada advanced to within 12 yards of the enemy goal. Okmulgee line held and Ada's chance was thrown away on a costly fumble. Lawhead kicked out of danger and the quarter ended with Ada again beginning a stubborn onslaught on the Okmulgee line.

Coach Cox's men had the advantage of pre-season training and were in better condition than Peterson's youngsters. This was evident in the second quarter when nearly every down resulted in the injury of an Okmulgee player. The quarter was slow and Ada continued to show superior ball, making repeated gains on forward passes. Potts got through with a long end run, starting from a break play that put the ball to within eight yards of the goal in this quarter. The half ended with Ada near the goal line and threatening momentarily to score.

Okmulgee Revives.
In the third quarter Okmulgee showed more spirit and were given their first chance to open an effective offensive. Ada's defense was weak in this period and Okmulgee's only chance to score was presented. Following several long gains through the Ada line, Okmulgee opened with passes and advanced to within 13 yards of the goal. An intercepted pass gave Ada another chance and Potts kicked out of danger.

Lawhead was the mainstay of the visitors. His passing and line plunging was the main factor of the Okmulgee offense. His line held in the pinches and Hunt at quarter was using good headwork at critical points. Superior training and longer endurance prevailed however, and Ada emerged from the almost disastrous quarter with a chance for victory.

Final Rally Opens.
As the third quarter ended, Okmulgee, having lost their one chance to score, showed signs of discouragement and Ada men began to revive for a last attempt to cross the line. When the whistle blew the ball was again to within 15 yards of the goal.
Fumbles again lost Ada's chance but after Okmulgee had charged down the field to place the ball 50 yards from Ada's goal the visitors were held for downs. With the ball in Ada's possession again, Potts threw a long pass to Rayburn, who carried it 45 yards. Hopes of the locals revived after this brilliant play.

It took four line plunges by Carr and Potts to go that five yards, but the last few inches were made and Ada won the game. Potts carried the ball. Baker was taken from the end position to drop-kick goal on the one-point play after touchdown, and gave Ada a 7 to 0 score. In the closing minutes Okmulgee vainly tried to even things by a desperate aerial attack. Hargis kicked off and the ball was returned to the 40-yard line. Jesse Carr, playing his second year with the locals as half back, intercepted a

pass and raced 55 yards for a touchdown. This was the longest and most brilliant run of the game. Baker again drop-kicked goal.

With four new men in his line, two new men in the back field and a group of substitutes who have had little or no experience in football, Coach Cox sent his youngsters into the game with the one instruction—play football and fight to the last minute. His men followed instructions and today Ada high school has the first victory of the season tucked away.

Enthusiasm was at fever pitch. Bullfrogs from the College visited the field and held a public initiation. Telling by the high school students was intense and the largest crowd that ever witnessed a high school football game here turned out. A demonstration was held on the streets again last night to celebrate the victory.

Potts played a consistent game, doing his best work at passing. Carr played the best game of his career, doing some good broken field running. Smith, who is green at the game, was assisted in his efforts at quarter by Potts. He made an excellent showing and was given 100 per cent support. Hargis, filling the full-back position, punted well and made substantial gains. This was also his first game.

In the line Rayburn, Gregg and Baker starred at end positions. Gregg started the game but was taken out in the second quarter on account of injuries. Molloy was at his pivot position and Wolloughby was back at guard. The remainder of the line was composed of new men. Wright and Nettles, two new tackles, were in good form and played well for their first attempt. Morris at guard probably assured himself of a permanent berth on the squad.

YANKS OUGHT TO TAKE BIG SERIES HANDILY

The Yankees' big four. Above, left to right, Sam Jones, Bob Shawkey and Joe Bush. Below, Waite Hoyt.

By Norman E. Brown
The Yankees ought to win the world's series from the Giants with ease. If they fail to it will be further proof of the managerial greatness of John McGraw and a sad commentary in the generalship of Miller Huggins and the work of his team.
For the Yank's pitching staff alone ought to turn the trick. Consider this:
Last year the Giants won the series by a brilliant finish in a series that went eight games. It took them that many contests to win despite the fact that they had Douglas, Neft and Jess Barnes in brilliant form to pit against just two Yankee hurlers, Waite Hoyt and Carl Mays.
This year Huggins has Joe Bush, premier hurler of the league, Sam

Jones, Bob Shawkey and Waite Hoyt. McGraw has only one truly dependable hurler—Art Nehf. The rest of McGraw's staff—John Scott, McQuillan, Jess Barnes, Virgil Barnes and Bill Ryan cannot be depended upon as were Douglas, Neft and Barnes last year.
Add to this more formidable array of pitchers the superior batting strength of the Yankees. McGraw has no sluggers to compare with Babe Ruth and Bob Meusel, George Kelly and Emil Meusel, his slugging leaders, rank far below the American League bat wielding kings in heavy hitting.
McGraw's team, as a club, does not rank nearly as strong in batting strength.
The only department of the game in which McGraw's men excel Huggins', as I see the two teams, is in

the outfield. The American Leaguers have put up a poor exhibition of defensive play in the outer garden. McGraw, in Ross Young, Emil Meusel and Casey Stengel, has the best in the National League. But this strength will not offset the overwhelming offensive strength of the Yanks.
As I see it the series will be McGraw, with his keen brain and strategy, against Huggins' pitching strength and heavy attack.
McGraw with strategy and a dashing style of play, triumphed over the American Leaguers last fall. But not against such odds.
I repeat it—if he downs the Yanks this year it will be a personal victory for McGraw and the end of Miller Huggins as the Yanks boss.

BASEBALL FANS ALWAYS EXPECT FLAWLESS PLAYING THRU SERIES

NEW YORK, Sept. 29.—Baseball fans expect a better brand of playing in the World's Series than is displayed throughout the season and as a general rule their anticipations are realized, excepting the freak incidents that develop a few marvellous plays and a few incredible misplays.
Airtight pitching is expected of the pitchers. They are supposed to give few bases on balls, to have absolute control of the ball, and to pitch a masterful, "heavy" game.
The hitting is supposed in advance to be sharp and devastating when a battery of swatters opens up—just above all the flailing is expected to be flawless.

Last year there was an average of only one and three-eighths errors a game—five digits for the New York Nationals, who won, and three fourths of one error a game for the Yankees, who lost—which is very close to perfect ball. Yet the series was decided by mishaps on the defense; the Giants won the last two games on errors.
The Giants offended in only three games and the Yankees in five of the eight, three players on each team accounting for all the errors. Frank Frisch, the Giant second baseman, made the majority of the Nationals' misplays—three out of the five, and Earl Smith, a catcher, and Arthur Nehf, a pitcher, each made one of the other two.

JOHNNY RAWLINGS HITTING

On his recent return to the Giant lineup to fill the gap left by the injured Groh, gave the Giant fans cause for considerable joy. When Heinie was crippled the New York crew went into gloomy moods. Then McGraw shifted Frank Frisch to third and put Rawlings on second. And how that old bird started to hit while fielding in A-1 style.
All of which shows McGraw's judgment in making the Philadelphia owners include Johnny in the wholesale swap which made Emil Meusel, slugging outfielder, a Giant. This trade was pulled off, you'll recall, in mid-season 1921. McGraw gave Rapp, King, Walker and other players and cash for Meusel, Rawlings and Cecil Cussey.

Rawlings has played utility man most of his big league career which began when he was awarded to Boston Braves under the famous Peace Pact of 1916 while with the Toledo A. A. club. With the Braves in 1917 and 1918 he broke into 122 and 111 games respectively as second sacker, shortstop or outfielder. In 1919 he played 77 games, dividing his time between second, third and the outer gardens. In 1920 Rawlings divided his time between the Braves and Phillies as well as between second and third. He went to Quaker town in the deal which involved the trading of Art Fletcher and Dave Bancroft.

MILL CREEK DEFEATED BY ROFF HIGH SCHOOL
MILL CREEK, Okla., Sept. 30.—(Special)—Playing their first game of football in the history of Mill Creek high school, the local team yesterday went down in defeat before the Roff high school team, the score being 13 to 7.
Support of the school team is good and the local coach is confident of building a good eleven. Eight more games including Mannville, Sulphur, Roff, Murray Aggies and Madill have been scheduled.

Now that the smoke of the opening battle of the football season has cleared from high school field, all eyes of the football world here are turned to College Field where Coach Thompson will throw his new team against the Bisons from Oklahoma Baptist University next Friday afternoon in the initial battle for East Central.

A program of light scrimmage work Monday and Tuesday and heavy signal work Wednesday has been outlined by Coach Thompson. A game for the second is being planned for Thursday. Thompson said that the enrollment of two or three new men within the past few days had strengthened his team and that he was pleased with prospects for the year.

Thomas, experienced man from Rice Institute, is showing up well for the quarterback position and Brown, a seasoned back from Arkansas University, is also enrolling. Guy Tinkle, fullback of the squad last year, will be here again for the opening game. Vernon, a mainstay of the back field in former days, will be on the line-up and many new and experienced players are being moulded into a hard line.

Cherokee Indians defeated the Bisons last Thursday 13 to 3. Thompson feels confident of doing the same thing next week. Enthusiasm is growing at the college as students begin to appreciate the efforts of the men. Thompson said today that residents of East Ada who were wondering about the runners passing each morning would be interested to know they are his players, who are required to run a mile before eating.

Many are injured. Heavy seasoning work has put most of the men in good condition. Casualties are heavy as a result, however. Robison is suffering with broken arches. Smith has a sprained knee. Cuming suffered a dislocated shoulder. Gatlin has two ribs broken. Reed is suffering from a severe charley-horse. Parker is out with weak ankles. Snow has sore feet and Lee has a bad hand. In announcing his line-up, Thompson said it would be subject to drastic changes since the injured men were expected to improve for the coming game.

Here is how they will look next Friday if no changes are made:
Baptists ----- Pos. Central
Parker ----- LT ----- Culver
R. Whitcox ----- LG ----- Cassidy
Beck ----- RT ----- Gatlin
S. Whitcox ----- C ----- H. Smith
March ----- RG ----- Robinson
Orchid ----- RT ----- Caps
R. Wanda ----- RE ----- Reed or Lee
G. Randa ----- QB ----- Montgomery or Thomas

Sumpter ----- LH Kelly or Smith
Malcomb ----- RH ----- Cuning
Heichebuck ----- FB ----- Vernon
Substitutes for the locals will be: Brown, Riddle, A. Kerr, McCoy, Boyce, Snow, Parker and Inkle.
Second team men will be: Meaders, Colbert and Kirkpatrick, ends; Morrison and Riddle, tackles; Lentz and Thompson, guards; Roach and Little, center; McCoy and Pentem, quarterbacks; Harrison, Kerr, Turner and Smith in the backfield. Garwood, Cobb, Weston, Bonham and Merritt will be on the substitute list.

After Friday's game a contest for the naming of the team will be held. At present the squad is nameless. Thompson said today that fans of the city will be allowed to suggest names and vote on them.

"Now that the college is assuming a real college atmosphere in athletics, it is necessary to have an appropriate name," he said.

Church News

First Baptist Church
Our Sunday School came up again last Sunday in fine shape and we are getting back to normal again. We had four hundred ninety four present. We are expecting to go above the five hundred mark tomorrow. Come and bring the whole family, and all the neighbors. We begin promptly at 9:45.

The Men's Bible Class meets at the McSwain theatre 9:30. L. A. Ellison is the teacher and you will greatly enjoy hearing him. John Tatum will preside at the piano and the singing will be led by Russell Boud. All men are invited.

The pastor will be in his pulpit at the morning and evening hours. The morning service will begin at eleven o'clock and the subject will be, "The Supreme Challenge of the Hour." At this service Miss Dorothy Duncan will sing. At the close of the service the ordinance of the Lord's supper will be administered.

The B. Y. P. U.'s will all meet at 7 o'clock. The young people are urged to be present.

The evening service will begin at 7:45. The pastor will preach on the subject, "The Perils of Procrastination." The service will be evangelistic and a call will be made for decisions for Christ. This is our first business and we try to emphasize it at our services.

The pastor is back to stay for several months now and hopes to greet a large congregation at both hours tomorrow.
Clyde Calhoun Morris, pastor.

Young People's Society

Japan Leading; But White? Rev. A. L. Dyer, Hemeji, Japan.
Yes, Japan is leading the East, but whether? Are we going to be so short-sighted in our missionary policy that we fail to see what Christian Japanese leadership means in the Far East? Is Japan to be evangelized and become an evangelizing agency in the Asian continent, whose administration shall mean tranquility and blessing throughout the whole of the East, or shall she drift toward agnosticism and blank materialism, a menace to the Orient and a problem in Christian enterprise, second only to Mohammedanism?

The Mission School as an International Bond.
A representative of a number of chambers of commerce, recently traveling in the Orient, visited a Christian college in Japan and reported that one college, properly supported, could do more for international relations than all the chambers of commerce on our Pacific coast.

The Missionary Society will meet Monday Oct. 2 at 3 p. m. at the church for regular business meeting followed by a social hour.

DAUGHTER HAD TO HELP MOTHER

Now Can Do All Her Housework Alone Because Lydia E. Pinkham's Vegetable Compound Helped Her

Jasper, Minn. — "I saw in the paper about Lydia E. Pinkham's Vegetable Compound and took it because I was having such pains in my stomach and through my back that I could not do my work. I had tried other medicines, but none did me the good that your Vegetable Compound did. Now I am able to do all my work alone while before I had my daughter staying at home to do it. I have told a number of friends what it has done for me and give you permission to use my letter as a testimonial." — Mrs. JESSE PETERSEN, Route 1, Jasper, Minn.

There is no better reason for your trying Lydia E. Pinkham's Vegetable Compound than this—it has helped other women. So if you suffer from displacements, irregularities, backache, nervousness or are passing through the Change of Life remember this splendid medicine. What it did for Mrs. Petersen it may do for you.

The Vegetable Compound stands upon a foundation of nearly fifty years of service.
